Well done to everyone!

Arrival times at Finish 3 and Total Times which are crossed out mean that the walker continued after the Col of Despondency against our advice but finished the walk. I leave these people out because we do not want to encourage walkers to go on after cut-off points. Starting times are times of registration, unless you told me at Finish 3 that you had started a bit later. An "X" just means that the person left the walk before the end.
